Summary

An extremely dedicated, self-taught web developer with proven experience and projects. Highly skilled at self learning, broad view and teamwork. Student at the Academic College of Tel Aviv-Yaffo with high average. Looking for a challenging position in development scope, where I can grow and contribute to the product.

Work Experience

Web Developer - Ness company 2019 - PRESENT

- Design and develop a project in Angular and Node.js.
- End to end testing and debugging using unit testing.
- Creating REST APIs from scratch.

System Analyst - Ness company 2017 - PRESENT

- Working closely with the development teams.
- Working as senior authorization consultant in system analyst world.
- Analyst systems from scratch and accompany user testing.

System Analyst - IDF, Matzpen unit 2014 - 2017

- Managing the entire product life cycle within a massive project with 5000+ users.
- Ensuring that the product delivered meets the user's needs. Working closely with R&D, prioritizing features and delegating tasks.

Commander and Instructor - IDF, Mamram Unit 2015 - 2015

- Managed a system analysis course.
- Gave lectures and exercises. Devoted one-on-one time with the trainees for personal development.
- Built from scratch and administered the course syllabus, assignments and exams.
